## Provide Contactless Process to Administer Health Screening Surveys to Visitors

PassagePoint's new Visitor Pre-Entry Health Survey Module is designed to easily administer an electronic Daily COVID-19 Screening Questionnaire to Visitors as required by many State Health Departments based on guidance from the Centers for Disease Control & Prevention.

Visitors will be sent the health screening questionnaire prior to their visit to your facility to ensure they are not experiencing any symptoms. If answered correctly Visitor will be sent e-visit pass to finish the registration process. If answered incorrectly, Visitor would will not be allowed entry that day and host will be notified.

### Product Specifications

Requires PassagePoint Web
Pre-Registration Module
(Part No. M-PR)
