

DYMO® Labelwriter® 450 Twin Turbo

Part No. AH-1002

High-speed Dual Badge Printer

Have two rolls of labels ready to print at all times – perfect for printing different types of visitor badges without swapping label rolls. Now you can easily print a badge for a visitor and a different badge template for a contractor. Prints labels up to 2-1/4" wide (56 mm) up to 71 labels per minute!

Features & Benefits

- Two spools let you breeze through printing visitor badges, without switching rolls. The printer automatically starts the second roll when the first one is gone.
- Small footprint with sleek, compact design fits in any modern workplace.
- Eliminates the hassle and cost of printing and wasting sheets and labels with a desktop printer.
- Direct thermal printing means no expensive ribbons, toner or ink cartridges are needed. Ever!
- Print crystal-clear text, graphics and barcodes with improved 600 x 300 dpi graphics mode.
- Prints all standard barcodes: Code 39, Code 128 and interleaved 2 of 5 barcodes.
