

CYPRUS 15" All-In-One

Part No. AH-1052A (V Base), AH-1052W (Wall mount)

Desktop Visitor Sign-in Station

The CYPRUS is a 15" all-in-one touch computer powered by Intel Core technology. The versatile and stylish design allows you to customize it to meet your budget and requirements. This technology will meet your most demanding self-service visitor management kiosk environments.

With its compact footprint, the CYPRUS takes up little countertop space and can easily be mounted on the wall or VESA pole. Additional features include WiFi wireless network, integrated customer display, integrated 1D/2D barcode scanner, and webcam.

Ideal for a self-service kiosk.
