

Gemalto QS1000 Passport Reader

Part No. AH-1013

Document and Image Scanner Perfect for Visitor Management Applications

Scan drivers' licenses, passports, 1D and 2D barcodes

The Gemalto QS1000 Document and ID reader has the ability to read and transmit drivers' license and passport identification information into images. Use OCR data to capture and eliminate errors to quickly process Visitor data into PassagePoint Visitor Management System.

Features & Benefits

- Fast and accurate data capture make it ideal for busy lobbies
- Auto-triggering of document capture – presence of document is automatically detected
- Multiple document reading and imaging capability – imaging in 24-bit color
- OCR data capture
- Convenient 2D barcode reading from cell phones
- No moving parts and comes with an IP50 rating for dust ingress protection
- One-year manufacturer's warranty

Specifications

Reads:

Drivers' licenses, passports, 1D and 2D barcodes

Dimensions & Weight:

Length 7.5", Width 6.4", Height 6.2" (with light shield)
Weight <2.2 lbs.

Power Supply:

USB powered

Resolution:

Standard 400 DPI image resolution
Sensor: 3.1 Megapixels, CMOS, RGB
24 bit color system

Included:

Special data Parser License required for use with PassagePoint
